

Top 50 Start-ups in Bangalore (2022)

#33 [Luxaire](#), started by **Nisha S Kukrejah** in 2012, is a home décor and fans technology startup. Luxaire produces top-quality, artistic, and unconventional ceiling fans to fit the rising needs of households and businesses. (Luxaire.in)

These fans can be found in both residential and commercial settings. Every fan produced by Luxaire is hand-built with quality and equipped with cutting-edge technology to power them.

In the beginning, Luxaire established its online store serving customers in Punjab, UP, Sri Lanka, and the Maldives. Since then, the company has been meeting the ever-increasing demand.
